About Us

Commercial - Industrial - Residential 1,000,000.00 sq ft installed

GLCG is a premier commercial roofing contractor that provides all types of roofing and construction services to commercial and residential properties. We work with high performance roofing material manufacturers to provide superior quality roofing systems and offer a manufacturers warranty for all our product installations.

Objectives

- Extend the service life of your roof for up to 30 years
- Preventative Roof Maintenance Programs to prevent premature failures
- Certified installers to supply you with integrated, seamless roofing and waterproof solutions
- Provide 24 hour emergency customer service

GLCG offers 3 Generations of working experience and professional installers to ensure quality craftsmanship in all of our projects. We work with hands on with all our clients to advise them if a roof system requires replacement. We will evaluate why the previous roof system failed and implement the proper procedures to prevent reoccurrence and enable the new roof system a longer service life.

Vision Statement

To provide roofing solutions with leading industry systems, quality customer service and develop a long term relationship with all our clients.

Mission

To meet and exceed customer expectations by providing face to face roofing consultations in order to ensure customer satisfaction.

GLCG is a family owned company whose construction traits go back three generations. Being in the trades for nearly 20 GLCG brings forth a new breed of business built on relationships, sacrifice, quality, and good old fashion hard work.

Working with GreenLight Construction

Servicing the needs of your business, GLCG believes in creating a win-win work relationship. We recognize that our crews are an extension of your business and thus respecting that relationship between you and your business.

GLCG believes in building long term work relationships rather than dealing in a transaction.

Staging of material, vehicles, and workers is another item that goes unnoticed until the work begins. Having

communication and planning in advance saves headaches for not only the workers but also everyone who lives in the community

Working hours of start time, lunch, and clean up needs to be communicated prior to a job beginning so the site contact can be notified prior to work beginning.

Clean up is an on going project. Everybody involved needs to understand that while work is happening that this still is a construction site. Greenlight always has a clean up crew picking up debris, materials, nails, and building supplies while our jobs are going on.

Safety is a non-negotiable. GreenLight follows OSHA guidelines under section 1926.500 for working on steep roof slopes. We also recognize that safety is not just for our workers but also the communities. At times our work areas have stay-at-home moms, kids playing, and retirees. The curiosity of construction seems to always bring attention.

Below contains a few of the most recent Clients that I've had the opportunity to serve. I take enormous pride in the level of service that I'm able to provide them. Because of that, I do hold their friendship, as well as their privacy, in the highest regard. Should you choose to contact them, please do so. I know that you will treat them with the same respect that I do.

Thank you so much,

Our Charitable Gift Back

Operation Underground Railroad (O.U.R.)

After spending over a decade rescuing children both in the United States and overseas from the child sex tourism industry, in December of 2013 **Special Agent Tim Ballard** decided to turn in his Homeland Security badge, believing he could do more (outside the government) to rescue children.

Ballard assembled a team of highly specialized individuals and founded the non-profit 501(c)3, ***Operation Underground Railroad (O.U.R.)*** to infiltrate trafficking organizations and rescues innocent children in the effort to bring an end to child slavery.

O.U.R.'s team consists of experts in anti-child trafficking, including: former CIA, Navy SEALs, and Special Ops operatives that go undercover to rescue the children - *and* help arrest the perpetrators. (These operations are always in conjunction and partnership with law enforcement throughout the world.)

The Lantern is a symbol of hope and refuge. In the 1800s it was used to guide slaves to safe houses. We use it today as a symbol of LIGHT and FREEDOM for the children who are being held captive. We are coming to rescue you!

Since its founding 4 years ago, **Operation Underground Railroad** has already rescued 1,400 victims and assisted in the arrests of more than 570 traffickers around the world.

THE OPERATION UNDERGROUND RAILROAD PROMISE

To the children who we pray for daily, we say:

Your long night is coming to an end. Hold on. We are on our way.

And to those captors and perpetrators, even you monsters who dare offend God's precious children, we declare to you:

Be afraid. We are coming for you.

Please check out O.U.R. at <https://ourrescue.org>
